

KAWARTHA ETHANOL INC.

Kawartha Ethanol Inc. is a state of the art Ethanol Production facility located in Havelock Ontario. We currently have the opportunity for the following position within our Production Group.

Process Operator

Kawartha Ethanol is a 24 hour, 365 day/yr. operation. This is a twelve-hour continental swing shift based on 84 hours worked in each two week pay period with every other weekend off. Joining the existing production team, the successful candidate will be responsible for the safe and efficient operation of the various production processes at our facility.

Responsibilities / Expectations

- Safely & efficiently operate the production process within a team setting
- Monitor & maintain the various utilities systems within our facility
- Actively participate in continuous process improvement opportunities
- Follow all plant policies & procedures
- Complete process checklists and report any deviations to management
- Complete detailed root cause/corrective action reports

Preference will be given to candidate's who have accomplished any of the following:

- Production / Process experience in a chemical plant or similar production facility.
- Possess Trades or Technology diploma

Skills listed below would be an asset:

- Experience with a Distributed Control System (DCS)
- Competent in reading & understanding policies, documents & drawings
- Proficient with Microsoft Office
- Strong mechanical skills and the ability to follow & understand process flow
- Good troubleshooting skills and a natural attention to detail
- Good written and verbal communication skills
- Successful candidate will have opportunity to obtain 4th Class Operating Engineers Certification through online studies and on the job training.
